

Home Learning Ideas

(Autumn 1)

Home Learning is encouraged so that your child can share with you some of the skills learnt in school. It can also help your child to become more involved in their learning and become more independent with their thinking. If you would like some ideas please use the list below, but these are merely suggestions, and it would be great to see what the children think of themselves. Learning will be shared in the classroom and displayed as soon as possible.

Possible Ideas

- Build yourself your very own Rain stick, Sensory jar/bottle.
- Go on a scavenger hunt to identify some geographic features in Corfe Mullen.
- Explore and locate Corfe Mullen using Google maps or a globe and see if you can recognise places in Corfe Mullen from an ariel view.
- Make a map of your home, Corfe Mullen, or the roads/places around where you live.
- Draw and label pictures of places in Corfe Mullen.
- Make a collage of pictures taken of places in Corfe Mullen.
- Make a collage of different types of textures.
- Create a painting using different brush sizes or have a go at making your own paint brushes with objects found around and outside your home.
- Have some fun mixing primary colours, can you create your own colour wheel?

We can't wait to see what you produce this half term!
