

Home Learning Ideas

Spring 2

Thank you to all those children who shared home learning throughout last half term. We are very excited about our new learning and would love for you to get busy at home!

If you would like some ideas, please use the list below, but these are merely suggestions, and it would be great to see what the children think of themselves. We can't wait to see what the children produce this half term...

Home Learning Ideas

- Create a map or fact file about famous rivers around the world
- Create a poster or PowerPoint about water and all of the different ways we use it
- Go for a walk using an OS map- what are the features of an OS map?
- Create your own map of somewhere real or imaginary- make sure to include a key!
- Do some painting- how many different ways can you apply the paint on the page?
- Research what abstract art is and create your own piece
- Research artist Jackson Pollock and discover why his work is so famous
- Set up a plant experiment at home to discover what plants need to survive and grow
- Have a go at growing plants at home- think about what you need to do to make sure they grow! You could then make a growing diary
