

Home Learning Ideas (Summer 1)

Home Learning is encouraged so that your child can share with you some of the skills learnt in school. It can also help your child to become more involved in their learning and become more independent with their thinking. If you would like some ideas please use the list below, but these are merely suggestions, and it would be great to see what the children think of themselves. Learning will be shared in the classroom and displayed as soon as possible.

Possible Ideas

- Go on a animal scavenger hunt. How many animals can from each animal group can you spot?
- Have fun potato printing!
- Make a ball out of socks and practise throwing it at targets around your home.
- Create instruments around your home (pots & pans etc), and improvise to a piece of music.

We can't wait to see what you produce this half term!
