

Home Learning Ideas

(Summer 2)

Home Learning is encouraged so that your child can share with you some of the skills learnt in school. It can also help your child to become more involved in their learning and become more independent with their thinking. If you would like some ideas please use the list below, but these are merely suggestions, and it would be great to see what the children think of themselves. Learning will be shared in the classroom and displayed as soon as possible.

Possible Ideas:

- Collect a variety of wildflowers, take them home and press them.
- Write a story inspired by woodlands, trees, and explorers.
- Go and explore somewhere you have never been before; how could you record your adventure?
- Make yourself a space suit or helmet out of junk modelling.
- Draw a garden of flowers with labels.

Thank you for your support this year; the home learning that has been produced so far has been amazing, and the children are always excited to see what everyone else has got up to! We can't wait to see what you produce this half term!
