## Times Tables Pupil Log

This is your child's times tables log. This will be used to show you how your child is progressing through the 'Maths Rockstars' steps. Each step builds on the previous ones with the aim that children become fluent and accurate in all tables and division facts by the end of Year 4. Maths Rockstars works in 'Steps', building up their speed and fluency of simple additions before moving onto multiplication and division facts. Children are given a set time to complete their worksheet that will contain a different number of 'Steps'. This ensures children can remember previous steps as well as the step they are currently focusing on.

Once children have 'mastered' each worksheet, they will progress to the next 'Step'. 'Mastered' refers to children answering all questions correct in the step timeframe. The 'Steps' children need to achieve at the end of each academic year are listed below:

- Year 1 – Step 6
- Year 2 – Step 12
- Year 3 – Step 18
- Year 4 – Step 28

The children will be quizzed each week to see if they are ready to move onto the next step. Please date each time you practice the step your child is working on. All worksheets for the 'Maths Rockstars' can be found on the school website if you wish to use them.

Step		Parent Signature <i>Please date every time you have practiced</i>	Date Achieved
